Carranza Now Is Chief.

Torreon, Mex., July 8.—General Venustiano Carranza has been recognized as first chief of the constitutional revolution and General Francisco Villa is subordinate to him. This was regarded as the most important step taken at the internal peace parley here to reunite the Villa and Carranza factions.

In settling this point the question of supplying the division of the north, which Villa commands, with coal and ammunition found an automatic solution. While General Villa owes Carranza absolute subordination, Carranza on the other hand is obliged to meet the wants of the Villa troops.

Denoting his satisfaction over the agreement General Villa said: "I hope that the outcome of the conference will be beneficial to Mexico and that patriotic motives will cause the compact to be kept."

BUSINESS NOT HARASSED BY PARTY--WILSON

President Declares Such Attacks
on Democrats and Senate
Are Unfair

DEFENDS NOMINEES FOR BOARD

Appointees Sacrifice Personal In-
terests for Nation's, He
Asserts

Washington, July 8.—Declaring it would be unfair to regard the Democratic party as the enemy of big or little business, President Wilson gave out a statement in support of Paul Warburg, of New York and Thomas D. Jones of Chicago, his nominees for the federal reserve board.

"It would be particularly unfair to the Democratic party and the Senate itself to regard it as an enemy to business, big or little. I am sure it does not regard a man as an object of suspicion merely because he has been connected with great business enterprises.

"It knows the business of the country has been chiefly promoted in recent years by enterprises organized on a great scale; that the vast majority of the men connected with what we call 'big business' are honest, incorruptible and patriotic.

"The country may be certain that it is clear to members of the Senate as it is clear to all thoughtful men, that those who have tried to make 'big business' what it ought to be are men to be encouraged and honored whenever they respond without reserve to the call of public service.

"I predict with the greatest confidence that nothing done by the Democratic majority of the Senate will throw suspicion upon such men. Mr. Jones and Mr. Warburg, in manifesting a willingness to make personal sacrifices in putting their great experience and ability at the service of the government, without thought of personal advantage, in the organization of the great reform which promises to be so serviceable to the nation, are setting an example of patriotism and public spirit which the whole country admires."

The president said he hoped Warburg would reconsider his decision not to accept the nomination. He expressed confidence Jones nomination will be confirmed.

Men to make the inspection in Michigan will be named shortly, while control of the work probably will be placed in the hands of Secretary Weld of the Michigan Potato Growers' association.

JURY DECLARES SHOT CAME FROM THE UNION HALL

Inquest in Noy Killing Results in
an Open Verdict

Butte, Mont., July 8.—An open verdict was returned by seven members of a coroner's jury in the case of Ernest J. Noy, who was killed in the rioting of June 23 when the local headquarters of the Western Federation of Miners was destroyed by dynamite. The verdict was that Noy met death from the effects of a bullet fired from a gun held in the hands of persons unknown to the jury.

A supplementary verdict, filed by four members of the jury, a majority of the body of seven, read as follows: "We, the undersigned, a majority of the jury, further find that said unknown person stood at a window of the second story of Miners' union hall, city of Butte."

The jury had been hearing evidence in connection with the killing of Noy since June 27. Everybody who entered the coroner's chamber was first searched for arms.

Six men, arrested on charges alleging participation in recent disturbances in and around Miners' union hall, appeared before Justice Michael Donlan. Five pleaded not guilty and were released on bail. "Red" Foley, arrested on a charge of larceny, was returned to jail.

COLONEL NOT YET DECIDED ON NEW YORK NOMINATION

New York, July 8.—Whether Col. Roosevelt will accept the Progressive nomination for governor of New York may be decided at today's meeting in the Progressive national headquarters here of state leaders, who came to urge the colonel to take the nomination. They said frankly they had no other candidate.

Although Roosevelt said several times he would not accept the nomination, he admits his denials have made little impression on his political associates. Roosevelt's position is reinforced by the attitude of Progressives in other states, in asking him not to accept the nomination.

In some cases it is charged New York leaders are willing to jeopardize the party in the nation for the sake of a good showing in this state.

After the conference was over Roosevelt said he had nothing to say at this time. It is understood the question remains open with the colonel still opposed to the proposal to head the ticket.

HENWOOD MUST HANG FOR KILLING MAN IN BARROOM

Denver, Colo., July 8.—Harold Henwood, under sentence of death for killing George Copeland, was denied a third trial today by the supreme court.

Copeland was fatally wounded the night of May 24, 1911, when Henwood shot Sylvester Von Phil of St. Louis, an aeronaut, in an altercation in the barroom of a hotel. The shooting created a sensation in Denver.

Henwood and Von Phil had quarreled over letters written to Von Phil by Mrs. Isabelle Springer, wife of John W. Springer, a wealthy stockman and banker. Two weeks later Springer was given a divorce. At the first trial Henwood was found guilty in the second degree and sentenced for life. At the second trial he was sentenced to hang.

MRS. CARMAN PLACED UNDER ARREST TODAY

Wife of Freeport, N. Y., Doctor
Is Held in Connection With
Bailey Murder

EYE WITNESS TAKES STAND

Declares He Saw Woman Running
From Doctor's Office Just
After Fatal Shot

Freeport, N. Y., July 8.—Mrs. Edwin Carman, wife of Dr. Carman, was arrested this afternoon in connection with the murder of Mrs. Louise Bailey.

Freeport, N. Y., July 8.—District Attorney Smith said he will appear before the grand jury tomorrow and ask for an indictment against a person he suspects of having killed Mrs. Louise Bailey. Just before the inquest resumed today, the district attorney announced he had discovered a new witness who said he saw the murder committed.

The man, an insurance agent, said he was passing the Carman home about 8 o'clock on the night of the murder and heard the crashing of glass and saw a woman dressed in white looking into the window of the physician's office. Then heard the report of a revolver and saw the woman disappear toward the rear of the house.

Tells of Dictaphone.

When the inquest resumed, Gaston Boissonault testified that his company, some time before the murder, had installed in Dr. Carman's office at the request of Mrs. Carman, a telephone device for recording conversations. He told of the first call of Mrs. Carman to his office.

She first said she was a dressmaker and then admitted her identity, adding she had many domestic troubles and wanted to hear what went on in her husband's office.

This was May 19. Arrangements for the rental of the instrument were made that day. On the same day, Mrs. Carman made plans to take her husband away for two days, while the instrument was being installed. Mrs. Carman told him about seeing a nurse Miss Dr. Carman.

Asked To Furnish Detectives.

"She said she was so mad when she saw that kiss almost broke a window knocking on it," Mrs. Carman told him she said she knew her husband met many women in her home and outside and asked the witness whether he could furnish detectives to follow him. She said she would not get a divorce on account of her daughter, Elizabeth Carman, aged twelve, the daughter of the Carmans, testified directly after the shot was fired that she ran upstairs and saw her mother, aunt and grandmother there. Her mother was dressed in a kimono.

Insurance Man On Stand.

Ellsworth Barden, an insurance agent, the new witness, testified he had seen a woman he was unable to identify running from the doctor's office shortly after the shot which killed Mrs. Bailey was fired. She wore a dark skirt and a white shirt waist. Witnesses in previous sessions of the inquest swore Mrs. Carman was thus garbed on the night of the murder. Mrs. Carman maintained she was dressed in a kimono and was in her bedroom.

Inquest Comes To An End.

The inquest closed today and a verdict is expected later in the day. After the inquest the district attorney informed the coroner he believed a woman should be held for the murder. The coroner answered he might order an arrest before night.
